“ We send our sympathy to all Geoffrey's friends and family members. Also, we are distantly related. My dad used to say they were "shirt tail relatives." We run into his dad, George, every once in a while.

“ Sorry for everyone's loss. I remember when my father worked for him and he let me run his swather for him. I still look back on how much fun I had just being around him. He made me laugh all the time. Hope to see him again one day.

“Geff will always hold a special place in my heart. My childhood memories as we all grew up together are so dear. Geff was always so thoughtful and kind--this coming from a younger girl cousin. We shared comic books (he was an avid comic book reader as a kid) and he loaned me all his precious Dr. Seuss/young reader books. We used to arm wrestle and I THINK he let me win. I remember him "saving" Jennifer's and my life when the three of us almost drove Grandpa Marlatt's old pickup into the silage pit. I remember his love of animals. I remember him being so engrossed in an episode of "Lost In Space" that when George walked into the room and touched him he about went through the ceiling. I could go on and on. Nancey, thank you for being his special love. And Cassie and Jessie he adored you and your children. You all made his life a very fulfilled one.

Love you,  
Annie
