“ To the Hamilton family = You have my deepest sympathy this evening. Your Father as well as your Mother were very special friends from the time we met them while pastoring the "little brown church" in La Grange. Their friendship and love has never been forgotten. They provided a place for my husband and I when a stop over was needed while we were enroute to the airport to fly East, and at times even took us to the airport. The last time I was in their home they took me to the hospital and stood by so faithfully while I was in. My husband had gone to heaven, and I had been East to attend conference when I stopped there on the way back home to Wheatland, and they had to take me in to the hospital in Brighton because of my heart problem .Their concern during that time meant so much as my family was unable to be there because of ranch duties in WY. It was as if I had a brother and sister to stand by me, and I was so thankful. He will surely be missed. May the Lord bless your Mother during this time, as well as the rest of the family
