“ Loss of a good friend who was a ferocious and conscientious force among her audience on Facebook. She stood up for fairness, justice, common sense and kindness. And she was protective of her dogs and strays. Will miss her presence. Condolences to her family.

“ We were such good friends for so long...she called me 'sis'. And even though we didn't always agree; we loved the dialogue and each other. She was intelligent, compassionate and full of amazing grace. I loved her. And many blessing to you who knew her best. PS. I am adopting a new dog. I now have her new name. She is sweet and loving and full of life....AMY
