“ Though we have moved away, we remember Betty from when her parents rented from us. If there ever was a poster adult for MS it should have been Betty! She had so much determination. Some days I wondered how she could keep going, but her attitude was so positive. She was truly an inspiration to those around her. We fondly remember that she loved to give us fish that her and Clyde had caught. She was always making sure everything was "right" for Fern and Floyd. A wonderful woman. She will be missed.

“ Betty was one of my best friends in School. Although we seemed to float apart through the years, we always enjoyed catching up when we did see one another. She will be sadly missed. My thoughts and prayers shall be with all of her family.

“ Clyde, I am so sorry about Betty and know there is a hole left in your life. I will always remember when we met at the eye clinic and how much she inspired me. When I was diagnosed with MS it was her very positive attitude that I remember most.

I hope this note lets you know how much Betty and you have helped with MS after her passing. As I quoted to you on the phone, "A gift from Heaven".

Best wishes and many thanks,

Elaine :o)
