“ Betty was like a second mother to me. She taught how to keep in the lines when I colored. I was only 4 or 5. I remember going to VBS with her and she took me to church on Sundays. I used to lay in her lap and peel her fingernail polish off. Not many women would let some little girl do that.

Jim and Betty came to my 5th birthday party and brought me a small suitcase. I would stay at their house then ride the school bus home in the mornings. You can't do that now. I still have that little suitcase. It's held together with duct tape. It's almost 40 years old. But I remember that day as if it were today.

We moved to Illinois, Jan. 1973, but the the few times we would be able to come back to Ft. Laramie, Betty & Jim's home was always open. Thier place was my home away from home.

Betty, I love you and will miss you. I thank you for taking me to church as a little girl. I have raised my children in Church and Sunday School. My family is a Christian family. And it started with Betty's love for a little girl.

“ I always wondered how I would feel when this day came to pass. I feel a great loss. Betty and Jimmy were the first people Tom and I met, moving to Torrington some 19 years ago. They welcomed us with open arms. Betty was like a strong pioneer woman to me. She was a very interesting person to talk to and had a sense of humor as well. She will be greatly missed.

“ *May Jim and his children find comfort during this time, knowing that Betty was an exemplary woman, strong in faith and beliefs. She touched all our lives in a special way.*

Though the miles separated us, we always had her in our thoughts.

With great love and respect to a woman we held dear.

I have met many women in my life, and none so great as Betty O'Brien.

May she rest in peace, knowing she was loved.

“ *Dear Jim,*

I was so sad to read of the passing of your sweet wife. Please accept my deepest sympathy. I know what it is like to lose a sweetheart.

You and Betty were great parents with your adopted children. I loved working with them when they were students in Lingle and I was their school nurse.

I always enjoyed seeing both of you at the Trailblazer Reunions.
