“ I didn't know Betty very well but she had coffee with Janet as often as she could and we all saw her every Monday. The last several weeks she didn't talk much but she loved being at the coffee shop with the regulars. Just wanted you to know that we will think of her and her new journey as she reunites with other loved ones that have passed and prepares a place for when the rest will join her in a beautiful place. She will be well rested now. Blessings and prayers for her family and friends at this time.
