“ I can't even begin to express how much Darleen meant to me. She made my day bright every day for the last year. It's going to be tough to imagine my days without her now but I know where she is and who she is with now and that will be what I cling to. We had some really good times and those will make for some really good memories. I considered it a privilege to be her friend and caregiver. I love you Darleen. Diana Mote
