“ david, you were basically an uncle to me. i shared every halloween with you and i remember every single one. i loved how you let me eat as much chocolate as i wanted from your chocolate stash on your living room table or how you let me work out on your treadmill. you told me not to give your dog more than 2 treats but i would always sneak a third one to her. i'm so sorry you never got to meet me daughter but i will make sure i tell her every story about you. she would've loved you even more than i did. rest in peace. i love and miss you.

love your niece mandie

“ *My friend David, he meant so much to my family and me, words really can't explain how much his presents in our life's has impact us. I could always count on him for anything, he was my husbands best friend, and they both had always so much fun together. He was my children's adopted uncle, best uncle any kid could have. David never judged you, he always listened to what was going on in your life, and if you needed help or guidance, he was right there for good advice. He will be missed for so many more reasons. Dave, miss you and love you.*
