“ Donnie is gone from our presence, and we miss him, but he will live on in our memories. Most of which I remember as our time growing up together on the farm. It is important for all of us to remember that what materials we possess in this world will not live on, but instead, what you do for others and the love you share. Donnie shared so much of his love and generosity with his family and friends, and this will forever be treasured as his true legacy. He was truly a man to “ride the river with”
