“ One of my fondest memories with my mom was going on trips and playing double solitaire. She loved playing games, board games or card games!

Thank you mom for making me the man I am today! Your sacrifices raising us and our children were not in vain! You were always there for us and I love you! Even when you did not have anything to say, you always stopped what you were doing no matter what it was and you listened to me, always showing compassion. Maybe that is why there was so many burnt dinners! Lol! You always showed compassion and sympathy.

I Love you Mom, You are the Best!

Say "Hi" to everyone up there for me!
