“ *My heart, thoughts and prayers go out to Ethel's family at this time. I had the opportunity to be one of Ethel's caregivers and was with her the night she passed. She always loved my scrub uniforms especially the "Betty Boop" ones that I would wear. We always joked around. Ethel was like family to all of us caregivers. She was very much loved by all of us. She was a part of lives for the past eight years. She will be sorely missed by us all. May she rest in peace.*

Sincerely,

Judy Denson-Keller
