Florence loved carpentry work, crafts, sewing, music, and people. She helped out with organizations of Santa's Helpers, Land of Goshen Ministries, Lighthouse Ministries, and helping others that needed her attention.

“ I'm so sorry for your loss. Florence and I worked together in coordinating community service youth at Land of Goshen. She was so wonderful to work with- The children had the highest respect for her and cared about her deeply. I know it was her personal mission to help others within our community. She will be sadly missed. My thoughts and prayers are with you during this difficult time.

“ To the Family...I have always had the highest regard for your mother. She along with your father had a special gift that no amount of money can buy. They were themselves and were not ashamed of the commitment they had to the Lord. It was their mission to care for and to make things better for those less fortunate. You, as their family, knows this better than all the rest of us, as you spent your time helping them to make all of the work come to past. I will miss a very dear friend, but will rejoice that she is now with the Lord and Lester. They never had any doubt of the hereafter. Her only hesitation would have been leaving her children as she loved all of you each in your own special way. But, we know that in her own way she will be with you. When I think of angels, I believe that she has earned her wings here on earth and will be there with a smile. May she rest in peace. God Bless each of you. You all meant so much to her. Dee

“ Florence was a very good friend. She helped us on numerous times. We moved a couple of years ago from Texas. With nothing but the clothes on our back, and they were too small. Florence and Lester gave us our first start here in Torrington. Plenty of clothes that fit and a Greatly Prized couch with a hideabed. To us that was Gold. As a matter of fact the couch was the color gold(smile). That was our beginning. She gave us Smile, Love, Prayers, And A Lot Of Hope. Florence you are truly Loved and Missed in our Home. Thank You Florence & Lester Snow. I know you are in Heaven with Lester, And our Lord and Saviour.. You and Lester Please continue to watch over us. You will be truly missed.

With All our Love,

“ On July 3, 2008 the people lost this wonderful, dedicated and beautiful god loving human being. She would always bring out the brighter side of a dark or bleak situation or crisis. One of her favorite expressions were give it to Jesus, it doesn't matter what time of day or night because he is always up.

Whenever or wherever you talked with her when the conversation was done, it was always ended with prayer. Florence has once again been reunited with the one person she dearly loved for so many years; Lester in his heavenly home that Lester told Florence he was going to have for her when she got there.

While Wayne and Lester was in ICU before he passed away Lester was talking to one of the nurses how pretty she was and Florence said to Lester, "but honey I'm your wife" And he said "so" and we all laughed but she is now where she wanted to be and that's with Lester and Jesus. Florence Snow will be greatly missed as Lester is greatly missed. Florence and Lester Snow both are angels of our almighty Father and they will always be in our hearts forever.

In great appreciation of the help and compassion from Florence Snow in all the help she has gave to us and so many others in their time of need. If there ever was an award to be given for giving on one self so from their heart, body, and soul, Florence Snow would make the top of that list in all phases that anyone could ever think of. Florence would find a way.

She always seemed to know what to do, and what to say, how to organize at the drop of the hat (as the old saying goes.).

On some very sad occasions, Florence without thinking, even thinking about her own self and the pressure she was under. She always worked thru things and brought everything into perspective. Florence Snow never turned her back on anyone that needed help. She would suggest other alternative possibilities, if she couldn't find the answers her self. There are a lot of people out there who are better off today because of Florence Snow and Goshen County Ministries. They have contributed a huge amount of help, love, ect in everyones lives that has ever received any help from them or just know them; they have touched many peoples lives.

Some of the help, such as things are luncheons, steering people and

their families in the right direction, to receive the type of help they needed. Florence Snow and her late husband Lester have always been the strength of carrying out help of what our almighty Father has asked of them for so many years. The convictions they have given their heart, body, and soul with every bit of strength they had. Florence and her whole family needs to be commended for the strength they have given to so many others. We all need to get down on our knees and thank God that he has given us such wonderful caring people as the Snow family and to be grateful to the almighty God has given us such an unselfishness, forgiving person such as Florence Snow and her family and for all who have helped unfortunate families. Florence is the most God loving and God fearing and most understanding person that anyone could hope to know in their lifetime. Florence and Lester Snow we love and thank you.

“*Florence was just such an inspiration to me. I truly loved she and Lester both. I am just so sorry that I was not able to see her before she passed. I loved volunteering at Land of Goshen and it was because of the two of them. They were witty, loving and so much fun to be with. I will surely miss Florence so much, but she will be in my heart FOREVER...*
