“ *My heart was broken when I read of Gary's passing. I don't think I have a single memory of my Aunt Wilda without Gary in it, while I was growing up. Even in my young adult years, we still kept in touch. I can only hope that Gary has caught up with Willie, and they are having a good time. Thoughts, prays and Love, from the Sager/Pickinpaugh family...*

“ *Dr France was a Great chiropractor who gave of his time and his knowledge to our family, I personally learned so much from him to better my pain and manage it.... He could adjust Wrists and Elbows like no other, he saved me from surgery for years by adjusting both. He worked on each member of our family for years, our kids from the time that they were very little, to my husband who never liked being adjusted but would let Gary do what he needed to, to make him feel better!!! He became a Great friend to our family, we will truly miss him! We know he loved his family, and he truly loved his momma, we met her several times and would take her and Gary garden vegetables. Our heart aches with yours, sending our deepest condolences... Stan and Debbie Schlichenmayer*

“ *Some of us went to Scottsbluff to see an opera once and we ate at Kings. I think it was the first time we had been to a Kings and ordering our food by telephone. Pretty sure it was the first opera we ever saw in person. Another time, we went to Sanford Hall in Mitchell to a dance. On the way home, the dimmer switch for the headlights broke. I don't remember whose car we took that night but the dimmer switch just folded over. We had a lot of fun whatever we did with Gary. He was kind and he was my buddy.*
