“ *Betty and the Golden Family:*

It was with great sadness that we learned of the passing of our beloved

"Uncle Burdette". It is times like this that we think back of all the good times gone by.

From the times as kids when we would go to either Uncle Burdette and Aunt Betty's or Uncle Bill and Zelma's house. We would play with our cousins while the grownups played cards or played guitars, mandolins & harmonicas.

Later, as a teenager, I remember the many hours that I would spend down at my Uncle's Richfield Station in Apple Valley working on my car. Uncle Burdette would always take the time from his busy day to answer my questions and help me fix whatever problems I had with the car. I learned a great deal from him, not only about cars but also about the dedication it took to run your own business. This generosity and kindness will never be forgotten.

Even though we didn't get to see much of him after you all left Apple Valley, I always enjoyed the times we did get to spend with you guys, telling stories, fixing the world problems or whatever else came up.

Burdette will be greatly missed by all that knew him.

God Bless,

Keith & Karen Golden

“ The memories I have of my Uncle Burdette is playing music with my Dad with all the family together. My Grandfather (my Dad and Uncle Burdette's father) would get together on a Saturday night and play the same old songs we heard a thousand times. But, we truly enjoyed all the music and laughter and camaraderie as a family. My Uncle Burdette gave me my very first job at his Richfield station in Apple Valley, Ca. I was a kid of 16 years and didn't know too much. I remember Burdette being very patient and caring with me as I fumbled through my duties. He was a very respected man in Apple Valley and ran a very successful business there. He was known as "Hugh Golden" which was strange to all of us who knew him as Burdette. One of his very special customers was Roy Rogers who lived in Apple Valley at the time. I remember it was a sad day for all of us in Apple Valley when Burdette and Betty moved back to Wyoming. But, I know that he and Betty were very happy to be there.

Our deepest sympathies are with Betty. We all have the fondest and most wonderful memories of Burdette.

May God Bless.

“ *He will always be remembered
as we share the fun stories and the wonderful memories of how he
lived his life. The good times of laughter and love with Uncle
Burdette will forever be a part of me and my family and we will
never forget how very much he meant to us all.*

*And, throughout this difficult time,
may you also know the deep sympathy
and concern that is felt for you and all your family.*

through Jesus Christ our Lord.
