“ Wowsers! I am so sorry to hear that Jack has passed! He was such a Legend! I can still see his face and hear his voice when I think about all those cattle ranches and sales barns we went to over the years! Jack was always ready to give a hand whenever needed and always had good conversations about how things were going. Just passing his place out there along the sugar factory road brings memories of times we worked together. Rest well Sir, your work here is done... it's been a pleasure!

“ *What a guy! I could not have thought more of a person. Jack was a good guy and as honest as anyone I have ever known. And dependable!! I knew if I called Jack Miles for a truck, he would be there no question about it! I am heartbroken for him to leave us all behind. He was a good friend and a better family man. The mold was broken when Jack was born. He was one of a kind and we are all going to miss his knowledge and wisdom. My heart goes out to the Miles family. I am thinking of you all.*
