“ Jim has a special place in my family and our kids loved joining him on his walks, the surprises he brought and left on our porch, his handy gadgets he would bring us. He was the protector of our little neighborhood and will be greatly missed

“ Jim was a great friend and help for my son who lives close by. Seth could always count on Jim for help when he needed it. Since both of them were very patriotic, they held a close friendship. Seth & Jim loved to sit in the shade and visit. He will be dearly missed.

“ I was Jim's neighbor for the better part of 10 years he could do anything when it came to mechanical work He had such an amazing way with dogs. He wasn't everyone's cup of tea, but if he got to know him, he was really a great man. I will miss him a great, deal

“ I am so sad to hear of Jim's passing! He had a heart of gold when it came to his dogs. Sammy couldn't have had a better second chance than with Jim dotting on him. Prayers for his family during this very difficult time.
