“ It seemed so soon for Lilly to pass away so close to John's passing. I remember the many times our families would get together. At times we would have pizza and floats. There would be one or more boxes of ice cream and several large bottles of pop on the table along with the pizza. In later years I started calling Lilly "Aunt Lilly" from my childhood. As many young children, I had trouble with my "r's" as a child, so that is how I addressed her. In later years when I started doing it again, she would always laugh. It was so sad when we were in California on vacation and unable to get back on time for her funeral. She will be missed by all.

How my mistakes go. I wrote I had trouble with my "r's" when it was my "l's" as most young kids do.

“ DEAR Ronnie and family and Carolyn and family....when I saw the obituary for your mom so many many wonderful memories of your mom--and dad--and you two and Tommy flooded my mind. Your family was such a big part of my childhood. We loved going to your place or having you all come over. I can still hear your mom's voice, hear her laugh, ...and hear her snapping her gum. :) And her cooking! Oh, so many wonderful memories of the food! :) And how she loved her boys and "Carolynnie"!!! I just want you to know that I always loved her and even though she had a full life, full of days as they say, I'm sad to know that she is gone. In Remembrance and Love, Ronaele
