“ *LJ, I was so saddened to see this notice. Thank you for giving me the love of art and always allowing me to just build and do in class. For years, the way you worked with all of the children's lives you touched, you provided so much to their minds and hearts through your teaching and patience. You are and will continue to be deeply missed.*  
*My sincere condolences to all of your family, friends and the students that never forgot about how magical your classes were.*  
*Rest easy, I am sure you're loving God's art in the sky.*
