“ *Our sympathy to the family of Merl... from his neighbors at 107 Countryside North - Russell & Wendy Pontarolo. I visited Merl as often as possible as we had acquired his dog "George" from him last year when he had some health issues. Merl did not want to confuse George by seeing him in person..... but he loved for me to give him a call when Wendy and I would take George to the park behind Merl's house. There Merl could watch out the window and see how George was doing and watch him play with his best buddy Harley (our black lab). I took Merl a Christmas picture card from George & Harley up to the hospital... he seemed very happy about that and took pride in showing the nursing staff his dog George. That made me happy. Take Care Good Neighbor!*
