“ I can remember every day after school for years, my sister and I would get off the bus at the stop by BigTime video back when it was still around.. We would walk to Grandpas house a couple blocks away and honestly half the time, the old fart would be asleep taking a midday nap haha. It was never without an abundance of sugary snacks and diet soda. Watching after school cartoons and always ignoring the homework. I miss those days. I admit in the time since I left highschool, I wasn't as close with my grandpa as I would've liked.. I do however carry every lesson, every word of wisdom, every act of love he had, with me. I will miss him for the rest of my life and regret not being there more.

“ *I was blessed by having Jay as a friend and brother in Christ, barely a week ago I visited Jay , Brendan, and Jenna and shared in the joy that Jay raised his children in the loving knowledge of our Lord. I know someday that we will meet up again and Jay will have new bright eyes, a new body , and a new truck ! May God bless the families and the children.*

“ Jay and my dad were friends, he was always nice to me. He was a patriot and fought the good fight, I'm sad to see him go and wish he could have lived to see the patriots take back the country and world. He knew. I enjoyed watching his tick tok videos about trucking.

“ *Sending prayers and healing hands to Jay's family! I served with Jay in law enforcement and we became good friends for life. Have so many stores and memories that I could share but do not have the room. We both saw our share of ups and downs but we sure did have many a good time that brought us much laughter and a friendship that has endured the test of time. Thank you Jay!*
