“ *I'm so sorry about the family's loss. Myrna was so good to me. She helped me out so much in 2015 when I was sick and in and out of the hospita.I She would come get me if my breathing got bad and take me to the ER, come pick me up at the hospital, here and in Scottsbluff. I can honestly say I don't think She made me laugh so much trying to figure out how to work their new laptop, constantly forgetting her password or getting locked out. I've never seen two ladies, Myrna and Mindy have so many frustrating times on a laptop. For a while I think it was like every two or three days I had to go over and help her get back into it. I loved her Little treasures of cookie jars up in her kitchen. Thank you Myrna for thank you so much everything you did for me. My prayers and sympathy to her family..*
