“ This has been a very long,hard week. Robert's life has filled my thoughts every day. He was the baby of our family. But he grew to be the biggest and tallest of the five of us. I've had so many great times with Robert, Johanna and Tyler. You could depend on a good time with lots of laughs When I got married 21years ago today Robert had such a good time at the reception that he rolled down a hill at the venue. I'm sure he spent some time at the bar. I have always had a special place in my heart that will forever be filled with memories of my baby brother. Ride high in Heaven.

“ *Robert was an amazing gentleman to be friends with and work with at tys. I found a treasured friendship with him and his family. I remember how his positivity and good humor made you feel valuable. I remember Robert using his tractor for picking apples with my god daughter and also taking her out and letting her feed the horses (a first for her). He would be in the shop covering in the kitchen making the burritos and would hear the door chime when I walked in. I remember him telling me that he could set his clock by my arrival because it was the same every day no sooner and no later. After I left and moved to Riverton, I still made sure to stop in and see them every chance I could and continue to support them and their employees. I will so miss his good nature.*
