“ *Uncle Bob was always the first to be a child again. When it came time to start a game of football, catch or anything else, he was there. He was not only a mentor to us nephews and nieces he was a close friend. He could be a disciplinarian one second and the clown the next. He made light of many serious situations. All of my memories of him are good ones and bring a smile to my face. I can only pray that one day I am remembered by others and thought of in the way I think of Uncle Bob We truly lost a great man, but carry forward great memories of a great man. I feel so distant, I did not even know he had been sick, and wish I was able to be there for the family in the same way I know he would have been there for anyone else.*
