

Rodney R. Rutt, MD

February 5, 1935 - November 10, 2015

Funeral services for RODNEY R. RUTT, 80, will be held at 10am Saturday, November 14, 2015 at the First Wyoming United Presbyterian Church with Keith Groeneweg and Reverend Vickie Kintzel officiating. Cremation will take place following services. Rod died November 10, 2015 at his home in Torrington. In lieu of flowers, a memorial has been established to the Shriner's Hospital for Children in Salt Lake City, Utah. Visitation will be Friday from 5pm to 7pm at the funeral home and the casket will be closed at the service. Arrangements are under the direction of the Colyer Funeral Home and friends may send condolences to the family at www.colyerfuneralhome.com.

Rod was born February 5, 1935 in Campbell, Nebraska the son of Victor and Helene (Rehn) Rutt. They lived in Campbell until he was five when he moved with his father to where he received his early education. They moved to North Platte, Nebraska and Rod continued his education and graduated high school. He then attended Colorado A&M (now Colorado State University) for four years and then went to medical school at the University of Nebraska at Omaha. He served a one year internship in Moab, Utah and began his medical career there. He married Pat McCullough on June 8, 1956 in Boulder, Colorado. They lived in Moab for a time before moving to Torrington, Wyoming in December of 1967. He was a doctor for forty-five years retiring in 2000.

Rod enjoyed many hobbies including reading, watching sports, smoking his

pipe, hunting and fishing. He was a member of the Shrine Club and a Past President of Past Shooters in the 2-Shot Goose Hunt. Other than his wife his greatest love was his children, grandchildren and great grandchildren.

Rod is survived by his wife Pat of Torrington, Wyoming; daughters Lisa (Brian) Collar of Torrington, and Kimberly Dreyer and Kelly (Keith) Groeneweg all of Cheyenne, Wyoming; a son Kirk Rutt of Yoder, Wyoming; seven grandchildren; and two great grandchildren. He was preceded in death by his parents; and a son R Rodney Rutt.

“ Dr. Rutt was my doctor for the first 21 years of my life. He was funny, kind and generous. Growing up on a ranch I was prone to needing stitched up all the time. 5 stitches here, 10 there and one time 42. Dad would haul me in, Dr. Rutt would laugh and shake his head and start asking me about our horses and cattle. He was a great story teller and before I knew it he was finished. One time I was very sick and he saved my life. What can you say about a person who saves you? He was awesome! Rest in peace my friend.

“ In May, 1964, Dr. Rutt, reluctantly, accelerated me as a 7 month pregnant, .ever been to a doctor (other than being told I was pregnant). He was a friend of my dad's ,(vanoy welch had horses n a feed store), and they got together n "I HAD A DOCTOR"! He had a time with me during la or n delivery. Before I was put under anisthetic, I heard him say, " Ahhh, we'll just nip this outta the bud..."! I went to sleep, scared to death.....cuz I didn't know what a bud was, that was getting nipped!!!! He delivered a beautiful 6 lb. little girl...I will NEVER forget the care he gave me, before and after that birth. God bless his family... Nancy Beasey Condrey.

“ I was 16 the day I met Rodney. Layout was our doctor, but he and dad had gone hunting. I sat in the waiting room in the back knowing I would be meeting a new doctor. He came to the door, peeked in and immediately started saying, "I have a Virgin in my room." I started laughing so hard the entire staff came to see what was going on. We became very good friends that day.

Doc was nothing but a true human being. He always treated his patients with a dose of caring and humor . He knew who your family was and who your kids were. You were not only a patient, you were a valuable friend. To the Rutt family: You lost your husband and Dad/Grandfather. We lost our friend. The world lost a huge character. For these things we were all lucky!! Kriss and Jim (Autocorrect always changes my name to Kiss!! 😊)

“ Dr. Rutt delivered our first son on August 22, 1973. I injured myself a few days later and ended up at the Hospital. We had only one vehicle so he drove to our house at 2:00am in the morning and picked up my wife and son and took them to his house so his wife could babysit Trever so Debbie could come to the hospital to see me. They don't make them like that anymore.

“ Dick took the girls in to see Doc Rutt one day when they were both really, really sick. He wanted to give the girls each a shot of antibiotic. He was also treating a boy in the room across the hall. Dick said he could hear quite a ruckus across the hall. The boy, who was a teenager, screamed, "you are not giving me a shot!" Doc Rutt screamed back, "I am TOO going to give you a shot." He came back into the room with Dick and the girls all out of breath and disheveled and said he was thankful for these two little girls who quietly accepted their treatment.

“ Since my mom was a nurse in Torrington I grew up knowing Dr. Rutt. My fondest memory was when I was in Navy boot camp in 1970. My wife was pregnant at that time and we planned to induce her when I was on leave September 2. Well my son had other plans and showed up on September 1! So I was awakened around 1 a.m. In San Diego by the watch sailor and told to the chief of the watch cause I was in some kinda trouble! When I walked in the office the chief of the watch asked me if my wife was "knocked up " back in Wyoming? I said yes and he said there was some doctor on the phone from Wyoming who needed my permission to do a csection! When I answered the phone Dr. Rutt was on the phone and told me he didn't need my damn permission to do a csection but since the Navy would not let him tell me I was a father he made it an emergency so he could tell me I had a son! My wife never needed a csection! After I got out of the service 4 years later Dr. Rutt advised my to pursue a career in nurse anesthesia and after doing it for 34 years now his advice was spot on! Travel well my dear friend you did so much for so many! RIP!

“ Rod was a good friend and Doctor to our family. I still remember traveling with him to the Kennedy Ranch outdoor Masonic meeting over by Wheatland. We had a flat tire and Rod and I were laughing about having to change a tire on his suburban out in the middle of nowhere. Plus the other three tires were pretty bald and we were on a pretty rough dirt road. He was a good man, a doctor and a good friend. He will be greatly missed.

“ Dr. Rutt was one of the most amazing, kind men I have ever had the privilege of knowing. His caring and compassionate attitude made him the BEST doctor a person could have, He was a great doctor and a great human being. He could sure teach these younger doctors a thing or two! He has touched and changed so many lives for the better, and the world is definitely a sadder place without him. I know I will miss him, and my thoughts and prayers are with you now, and will be with you in the future. There aren't enough words to express what a wonderful man he was. “ I loved my Rodney. He taught me so much as a young nurse. Only two years of acute care before I worked for him. Oh we have stories of what it was like with our patients. But I have to add a story. I became DON after my work with him. I was orienting a new nurse. A new baby and he asked me to get the Gomco. Now that is a suction machine. Well. New nurse questioned it. I said no that is what he asked for Well as he looked at me in obvious bewilderment, said what is this doing here? You asked for a Gomco. Well guess what. The cup to go over that baby penis for circumcision is also call Gomco!!! Yup. Lived with that mistake forever. Love you my favorite Dr. Let me add: a magnet on the frig in station said. “ *There is not enough space to adequately express what Uncle Rod meant to me and my family. Growing up we spent most weekend with our "country cousins". One of my favorite memories of Uncle Rod was the 4th of July. He always had more fireworks than kids could waste and he put on a better fireworks show then most cities. I will always remember the smell of his pipe and how gracious he was with my family. I Hope uncle Rod, my father John McCullough and uncle Jack McCullough are in heaven together doing a little hunting and fishing. Rest in peace Uncle Rod.*

“ We just wanted to share one of our fondest memories we have of Dr. Rutt. It was at the county fair when my siblings and I were showing our dairy animals. I had just left the show ring with our young herd bull that had a nose ring. My Dad was waiting there with two of our cows. Me and my youngest sister was to show them next, so in exchanging the cows around and handing off the bull somehow Dr. Rutt ended up with our bull. I'll never forget the look on his face as I left to show my cow. He was standing there with his pipe and holding our bull by the nose ring and halter strap. It didn't take long for him to hand our bull over to my Dad. They were still laughing and talking about it when we finished showing and was able to get all the animals back in to their pens. Those were some fun times for me and my family. Hope they were for all of you too. He will be missed by all who knew him. Sorry for your loss, our thoughts and prayers are with you.
