“ Florence, I am truly sorry to know you must deal with the death of a child.
You spoke of Ronnie alot, I know the love u had for him, and how much this will hurt you.
Know my prayers are with you, and your family and may God be with you, guide you and see u thru the grief you are facing.
As the proverb says, Let us not grieve that they are gone, but rather rejoice that they were here.

“ I was greatly saddened to hear of Ron's passing. We worked together for several years on Farm Equipment and No-Till Farmer business and he was a gentleman in every sense of the word. I will miss our conversations, his honesty and candor and the work that he personally did to advance American farming practices. My thoughts and prayers are with the Schlagel family and with all of of Schlagel Manufacturing. He will be missed.

“ Dear Family & friends,

I am devastated to hear about Ron. He was one of the nicest & most kind people I have known. His soft spoken & gentle demeanor seemed to be a reflection of the deep strength of his personal compassion & integrity. I was so happy to be with him for our last high school reunion.

Having him in my life, even so many years ago, gave me inspiration. After all BIG Ron, being a lineman, even protected me in the backfield of football. These memories are everlasting.

We must believe all of this is on God's timeline. I trust you will be comforted & granted God's grace during this time.

My thoughts & prayers are with you as we are a better people having had Ron with us.

*God bless you,
Jack*

I was so sorry to hear about Ron's passing. I want to extend my deepest sympathy to you, your families and Patty. I'll always remember study hall and classes that we were all in and what a nice guy Ron always was.

Even though we parted as classmates, the fond memories have remained. At this difficult time in your lives, I hope too that the memories of Ron and the times you shared will be of comfort to you. May God be with each of you in your moments of need.

“ I have had a sense of admiration for Ron for many years. I consider him to have been a genius in many ways. First he was an outstanding farmer and he always searched for ways to improve his farming techniques. Secondly, he was an inventor and engineer without peer. Most importantly to me he was honest and a man of his word. He will be greatly missed in this area and beyond as he touched many people with his ingenuity. We send our deepest sympathies and condolences to his complete family.
