“ Rest in Peace Tyler. You were in my Electrical Circuits class when this happened and in the semester before in Dynamics with me and when I tried to get up from my seat after the exam, you have held my hand so I would be able to stand up. You have talked to me before we turned our homework in, in the computer lab. You were a gentle, caring, good guy. Everyone makes mistakes in life. I'm so sorry your life turned so tragic and then was cut so short. Rest in Peace.
