“ As if there wasn't enough heartache in this world. Gary, you were a unique person in our lives. Roni and Thelma were two of the sweetest angels who dwelled on this earth. They were both special to us. They both carried a piece of Heaven with them. Their kind and loving hearts are missed. We need more like them to rub shoulders with. We grieve for your loss but know they are united in the arms of their Loving Father in Heaven, to increase the love and beauty there. Roni had hands exactly like my dad's which always reminded me of that special corner of my life. She was a kind and thoughtful primary teacher and left her mark on our daughter as well. “ I was saddened to hear of the loss of Roni! She was like a big sis when I was growing up. She spent many hours with my mother. She would always stop by and say hello when she came back to town. I can not believe that it was 47 years ago that I left for the Air Force and really had not seen Roni since, but I remember her as it was yesterday, that is the impact she had on our family. I am certain that God has a special mission for her and there is no doubt that she is up to the task. We pray that God gives all of her loved one's the strength to deal with their loss. May God Bless You All! Ben Janczewski

“ *I will remember dear cousin Roni with gratitude and love. You always checked on me growing up to how I was doing. When we saw each other a couple years back it was like we saw each other the day before. Thank you for caring about me. I will miss you.*
