

William "Bill" Emerson

November 21, 1939 - February 22, 2022

William "Bill" Emerson born 11/21/39, went to eternal sleep, 2/22/22, in the morning surrounded by his loving and devoted wife Linda, and his three children Mike Emerson, Jenny Hill, and Melissa Vandivort.

Bill made the decision to stop dialysis and live his remaining days with joy and family. Bill was a man of very few words, but when he spoke it was with intention and all of us would hang on his every word. A master story teller of unbelievable life experiences and the strong but gentle hands of a true horseman with the same connection to animals, nature, and people who were fortunate to cross his path.

Bill is survived by his wife of 53 years and raised three adoring kids Mike Emerson, Jenny Hill, and Melissa Vandivort. His legacy will live on in the many grandkids and great grandkids that will forever cherish their memories of their Papa.

"Love the People God gave you, because he's going to need them back someday!"

“ Hi my angel I miss you every single day... I love you and I hope you're dancing and drinking all the milkshakes and margaritas. I'll never stop missing you or telling the great grands about you, they'll never forget the love you poured into them. You were the greatest and you are so very missed.

“ Bill was more than a patient to me, he became a friend that I will forever keep in my heart. As I would sit next to him during dialysis, he would always have a fun story to tell me. He loved to tell me how much he missed eating Linda's mac n' cheese, said she had the best ever! It was an honor getting to know him and be his dialysis nurse at Regional West the past 9 months. I will never forget Bill. With deepest sympathy, may Christ's promise of everlasting life, lift you out of sorrow and fill you with peace.

With love,

“ To listen to Bill tell a story was always fun. His use humor in telling a tale was a gift. Bill could light up a room with his laugh. He will be missed by the entire clan. My sincere condolences to Linda and the kids.
